

CHILDVISION MODEL: HOW IT WORKS

Equipping Teachers. Transforming Families. Strengthening Communities.

CHILDVISION DOES NOT RUN CENTRES.

It equips teachers and centre managers to lead parents and communities to run Biblical, sustainable, and effective ECD centres.

THE ENGINE OF CHANGE: ECD IMBIZO MEETINGS

Regular, structured community meetings where teachers, parents and leaders meet to learn, plan, solve problems and hold one another accountable.

1 GROUNDED IN THE GOSPEL

Teachers are trained to teach children and disciple parents using catechism-based Biblical teaching. The Gospel shapes parenting, teaching, money and daily life.

2 IMPROVES FEES & PARENT ENGAGEMENT

Teaches transparent budgeting, clear agreements, and a hybrid payment model: parents contribute cash where possible and work (labour or skills) where they cannot. Builds trust and increases ownership.

3 BUILDS COMMUNITY OWNERSHIP & GOVERNANCE

Uses ABCD (Asset-Based Community Development) to mobilise parents and establish constitutions, agreements, and management committees. Parents move from passive beneficiaries to active leaders.

AT EVERY IMBIZO, WE...

- Study the Bible & Catechism
- Plan & Solve Problems
- Discuss Finances & Contributions
- Learn New Skills
- Review Progress & Hold One Another Accountable

4 REDUCES DONOR DEPENDENCY THROUGH INCOME GENERATION

Guides communities to start small businesses, understand real costs, keep basic records, and use income to support the ECD centre.

5 IMPROVES NUTRITION THROUGH LOCAL FOOD PRODUCTION

Trains centres to grow vegetables, raise chickens and produce eggs. Improves meals, creates income and builds healthy children.

7 IMPROVES HYGIENE & SAFETY

Introduces simple policies, checklists and routines. Gets staff and parents involved in keeping centres clean, healthy and safe.

6 STRENGTHENS THE QUALITY OF ECD EDUCATION

Trains teachers in HighScope play-based learning and how to make low-cost learning materials. Improves teaching quality and child development outcomes.

THE RESULT: CHILDREN, FAMILIES & COMMUNITIES TRANSFORMED

CHILDREN ARE READY FOR SCHOOL AND ABLE TO LEARN

FAMILIES GROW IN BIBLICAL UNDERSTANDING AND TAKE RESPONSIBILITY

ECD CENTRES ARE BIBLICAL, FINANCIALLY SUSTAINABLE AND WELL RUN

COMMUNITIES OWN AND GOVERN THEIR ECD CENTRES

CYCLES OF POVERTY ARE BROKEN

IN ONE SENTENCE:

ChildVision equips teachers and centre managers to teach children and disciple parents—through ABCD (Asset-Based Community Development) and structured Imbizo meetings—to run Biblically grounded, financially sustainable, community-owned ECD centres that strengthen families and break cycles of poverty.
